

Technical Correction

Department:	State Board of Education	Sponsor: Representative Horman
Division:	Special Programs	
Description:	Correction to General Fund appropriation amount	

1. Background:

For FY 2021, there was a proposed supplemental that was not acted on by the committee but would have reduced the appropriation for the Idaho Geological Survey for FY 2021. This action would have been restored before setting the base.

However, the motion adopted by the committee on March 3rd of 2021 did not restore the base, so the agency is "over appropriated". The correction would reduce the appropriation from the General Fund by \$52,200.

2. Appropriated on March 3rd

General	Dedicated	Federal	Total Approp
\$ 26,568,900	\$ 1,000,000	\$ 5,350,800	\$ 32,919,700

Correction

General	Dedicated	Federal	Total Approp
\$ (52,200)	\$ -	\$ -	\$ (52,200)

After the Correction

General	Dedicated	Federal	Total Approp
\$ 26,516,700	\$ 1,000,000	\$ 5,350,800	\$ 32,867,500

3. Motion Maker's Actions

- a. **Reconsideration of the FY 2022 Budget** *Requires 2/3 roll call vote*
"I request unanimous consent to reopen the fiscal year FY 2022 budget for the Division of Special Programs."
- b. **Motion**
"I move to the Division of Special Programs for fiscal year 2022, the removal \$52,200 from the General Fund."
